

## Central Water Commission National Water Academy

### Purpose Oriented Training Program on **Irrigation Assets Mapping using GIS**

(5th July 2021 - 9th July 2021)

Mapping of irrigation assets in GIS format is very useful for monitoring and evaluation of water resources projects. This training program aims to build awareness about GIS technology among water professionals and make them capable of creating irrigation asset maps using Open Source GIS software

**Program Format:** Online lecture modules using 'Google Classroom'. Registered participants will be given the Class Code for joining the class using their gmail account

**Who can attend:** Water resources professionals from the Centre/State Government departments and all those interested in the subject

**Fee:** There is no course fee

**Registration :** Fill in the Google form using the link given below or by scanning QR Code on or before 01.07.2021
