

## Central Water Commission National Water Academy

# Introduction to Google Earth Engine & Its Application in Water Resources Management (16th - 23rd August 2021)

Google Earth Engine (GEE) is a cloud-based platform for planetary scale analysis and translating Remote Sensing Datasets into meaningful analytics. GEE leverages Google's extensive cloud infrastructure to present several varied applications without the need for additional software licenses or hardware requirements. This training program is designed for Water Professionals having basic knowledge of Remote Sensing and Programming but are new to GEE platform

**Program Format:** Online lecture modules using 'Google Classroom'. Registered participants will be given the Class Code for joining the class using their gmail account

**Who can attend:** NHP Impelenting Agencies, Water Resources professionals from the Centre/State Government departments and all those interested in the subject

**Fee:** There is no course fee

**Registration :** Fill in the Google form using the link given below or by scanning QR Code on or before 12.08.2021
