

****DUE TO UNAVOIDABLE CIRCUMSTANCES, THE SEMINAR HAS BEEN POSPOND TO NOVEMBER 2016. PLEASE CONTACT ORGANIZERS FOR FURTHER DETAILS.**

International Seminar
On
National Hydrology Project: Towards a Reliable Data Acquisition for IWRM
29 Sept – 1 Oct 2016
Pune, India

CWPRS in collaboration with Indian Society for Hydraulics, is organizing a 3-day International Seminar on Reliable Data Acquisition for IWRM under the aegis of National Hydrology Project which is being implemented by Ministry of Water Resources with financial assistance from World Bank.

The main objective of the workshop is to bring together WRM practitioners and leading HydroMet Instrument Manufacturers of the world to discuss issues pertaining to Hydrological Data Acquisition for IWRM.

The sub-themes of the Seminar are:

- (i) Technologies for HydroMet Data Acquisition (including SCADA)
- (ii) Integrated Water Resources Management through Instruments – International Best Practices
- (iii) Water Resources Information System for River Basin Management

Leading HydroMet manufacturers across the world would showcase their instruments through presentations as well as exhibits. Invited experts from all over the world would present international best practices of Integrated Water Resources Management through instrumentation. The success stories of IWRM in India would be presented by the leading Central and States Government Agencies.

PARTICIPATION

Participation in the International Seminar is free but with prior registration via the registration portal on www.indiawrm.org and confirmation from the organizers, as under:

- (i) International Delegates: as invited by the World Bank and National Project Monitoring Unit (NPMU), NHP
- (ii) Officers from Centre/State Governments: which are Implementing Agencies of NHP (not more than ten from an Implementing Agency). The Officers from other Central/State Government Departments should send an email to the Organizing Secretary.
- (iii) Corporates/Manufacturers/ Consultants/Private Organizations: on sponsorship
- (iv) Academic Institutions and Students: on invitation and/or they should send an email to the Organizing Secretary

Registration kit, tea/snacks, working lunch would be provided to all participants. However, they have to make their own arrangements for travel, accommodation, other meals, local transport, etc. Organizers would not extend any assistance in this regard.

There will also be an exhibition running in parallel, supporting the theme and showcasing the technologies, latest developments and solutions available in the area of HydroMet Instrumentation. The

exhibition will provide a unique networking opportunity to the exhibitors for showcasing their products and services to the practicing water resource professionals from all over the country.

For further information on participation, exhibition and sponsorship, please contact:
